On Track is proud to feature one of our many outstanding students, Jeagher LaFontaine. With over 120 students nationally in grades K-12, On Track welcomes the opportunity to recognize the hard work and dedication that our students demonstrate in order to achieve their goals.

Among the menu of curriculum options available, On Track offers a High School Equivalency Program that is perfect for students such as Jeagher that have moved into the Pro ranks of Supercross. It is at this point that finishing school becomes quite the challenge. When traditional school is no longer an option for serious racers, On Track is there to help students achieve their goal of receiving a cutting edge education.

Jeagher: "I am happy to say that I have been a student of the On Track program with Andrea Leib for the last couple of years, which has enabled me to not only to graduate early ... January 1st (yea) but also give me the flexibility to follow my dreams in motocross. The rigorous training program I've been on wouldn't of been attainable through conventional schooling so I'm very grateful to have had this opportunity with On Track. With that said, my future goals are to start racing the outdoor motocross nationals in May of this year, 2010."

Andrea: "I am so proud of Jeagher's accomplishments both on and off the track. He is a hard worker and the results are proof of Jeagher's efforts. On Track congratulates his recent graduation and we know that this will just be the beginning of the success stories that we will witness on his behalf. Congratulations Jeagher!"
